## RUG COLLECTION 2025

---

Founded in 1860, Sanderson is renowned for its iconic florals and explosive botanicals, hand drawn and inspired by the quintessential English garden. From Arthur Sanderson's Soho Square showroom, where he began selling his unique style of wallpaper some 160 years ago, Sanderson has risen to become one of the most influential names in interior design. Resolutely British and proud holders of the Royal Warrant, Sanderson's wallpapers, fabrics, and paint are synonymous with English beauty, taken from nature and elevated through a discerning design eye.

Celebrate the exquisite detail of Sanderson's iconic portfolio, from enduring English blooms and statement florals to Eastern inspired designs, intricate trails and boldly stylised botanicals with this exquisitely crafted collection of hand-tufted rugs.

Complementing Sanderson's historic range of fabrics, wallpapers and paint, this delightful rug collection reflects the iconic beauty of Sanderson designs with a sumptuous touch.

## B&C

At Brink & Campman we make collections of thoughtfully designed premium rugs. Brink & Campman has over 125 years of experience doing so. The craft of rug making means that no two rugs are exactly alike. The natural materials used in a handcrafted product might cause deviations in colour, texture or size.

This brochure has been created with great care. We make allowance for a degree of colour variation and cannot be held responsible for any printing errors or changes in the collection.
